

The Artist Among Us is...

Alex Leith grew up in Portsmouth. He attended the University of New Hampshire BFA program with a focus in Painting and Printmaking from fall 2008 to spring 2014. He then moved to Philadelphia to further pursue his passion for both the arts and culinary arts. In 2021, he relocated to Newmarket and has found particular inspiration in the surrounding landscape.

Alex's work focuses on exploring relationships between texture, color, shape, and mark making to find luminous movement in creations ranging from paintings to multi-dimensional collages that obscure the intersections of digital and physical spaces. Frantic, yet passionate, color choices flourish throughout his pieces to create a congruous sense of consideration in surface qualities. His artistic work seeks to graphically convey his interest in time, light and color.

To see more of Alex's work,
check out the paintings on the utility
box behind you in this pocket park.
